A FRIGHTFUL INCONVENIENCE

Book Two

Oswick has a reputation to establish.

The village keeps making that difficult.

He brings ominous warnings, dramatic entrances
and the very best intentions of being terrifying.
Somehow, there are always chores, small kindnesses
and inconveniently comfortable lamps.

A FRIGHTFUL INCONVENIENCE
Behold.
Behold...
YOUR DOOM APPROACHES!
Doom approaches...
Finally. Someone understands.
Understands...
HIC!
HIC!
...hic...
We shall omit that part.
That part...
This conversation is over.
Over... over... over...

A mouse. Hardly a worthy opponent.
HALT, TINY INTRUDER!
WHIRR
It has ignored my authority.
It can't get over the rug.
TIK TIK TIK
A temporary alliance.
Very noble.
Next time, acknowledge the menace.
It needs winding again.

My own doorstep undermines me.
WELCOME
A small correction.
BEWARE
That warning was about me.
BEWARE
I was cultivating menace.
She's guarding it for you.
BEWARE
The warning stands.
Best leave her to it.
BEWARE

A ward against creatures of darkness.
Who cast this?
I drew it after lunch.
One foot. Don't touch the lines.
A demanding ritual.
What happens if I touch a line?
You start again.
A truly merciless enchantment.
Your turn again.

Let dread cross your threshold.
Something formidable has passed this way.
Observe the claws.
Those are yours.
Finally. Evidence of menace.
Evidence needs sweeping.
This one is historically significant.
Then clean around it.

Tonight, nothing shall stand in my way.
You have chosen poorly.
I am the terror of this village.
It refuses to yield.
It's doing its best.
Then we shall improve its timetable.
Express service. Tell no one.
Your secret's moving slowly.

Let a chilling lament fill these walls.
OOOOOOO...
A little flat.
TING
This is a haunting.
It could still be in tune.
Once more. From the diaphragm.
OOOOOOO...
Lovely. Choir practice is Thursday.

Prepare for an entrance of unspeakable dread.
CLACK
CLACK
Behold my—
A minor technical haunting.
They are part of the effect.
Fold your wings, dear.
Hold those a moment?
What a lovely welcome!
I preferred the technical haunting.

At last. A respected colleague.
What is your secret?
Ah. Stillness.
We appear to have different methods.
I was aiming for the opposite.
You've made them feel right at home.

What terror awaits this evening?
I foresee a sudden scream.
Naturally. I have that effect.
SQUEEEAK!
AAH!
Anything else in my future?
A little oil.

Something dreadful lurks beneath your bed.
I know. Can you get it?
Show yourself, foul creature.
ACHOO!
You found it!
It put up a terrible fight.
You should fear me.
After you finish that corner.

I require a truly terrifying smile.
Open wide.
What is THAT?
A mirror.
Why is it on a stick?
Perfectly healthy fangs.
For bravery.
VERY BRAVE
Not a word to the village.
